Simple, effective technology.

The B4 provides practical value and essential access to premium water dispensing within workplace and education environments. With 3-way dispense, select from chilled, ambient, boiling or sparkling water depending on your needs. Featuring reservoir-free Direct Chill technology for hygenic chilling, the B4 is durable and easy-to-clean, making it ideal for hardworking environments and busy communal areas.

Fresh, filtered water.

Pair the B4 with a high-performance filter to reduce sediment, odours, chlorine and microplastics, for freshly-filtered water that is safe to drink and tastes clean, crisp and fresh.

For additional peace of mind, opt for the Viovandt® UV-C purification accessory. The in-line, ultraviolet LED technology provides eco-friendly, chemical-free sterilisation to reduce bacteria and viruses.

Essential bottleless water for every environment.

Designed for everyday working environments, the classic, simplified styling of the B4 makes it a great fit for any space. Easy-to-install as a countertop or floorstanding unit, the B4 eliminates the need for single-use plastic bottles and coffee cups, allowing you to refill and enjoy locally sourced, filtered premium water.

A much loved office classic. A dependable, durable and practical answer to simplified workplace hydration.

Excellence in every pour.
